Pottery-Market in Dießen am Ammersee, 21 – 24 May 2020

Dear Sir/Madam,

Once the rain has stopped and Lake Ammersee stayed put, just in time for the start of the 2019 Pottery Market, our wonderful event was blessed with the best of weather conditions. We were very grateful for this, and for the patience of the exhibitors who had to deal with a saturated ground at some places.

We had an estimated number of 60,000 visitors this year, and it would seem that the catchment area is continually expanding, given the many visitors who meantime come here from the neighbouring countries.

Very often the guests at the market made particular mention of the selection of participants and the quality of the ceramics at the Dießen Market. This is a compliment which we would very much like to pass on to you as an exhibitor at the Dießen Pottery Market.

We would now like to draw your attention to the next Pottery Market in Dießen, which will take place from 21 – 24 May 2020 and will be the 20th time it has taken place on Lake Ammersee. We would like to celebrate this jubilee with a particularly pretty Market.

The market concept to date will also be adhered to again next year, as it has already demonstrated its worth. The number of exhibitors has also proven ideal and will not be increased, whereby, as in previous years, approximately 10% of the participants will be different as a result of the selection procedure. The distribution of the stands will also be the same as in 2018, except for a few minor alterations. There will again be an exhibition tent, an information tent, and the central exhibition pavilion devoted to a particular theme. The Dießen Ceramics Prize, donated by the Helmut Rohde Company, is one of Germany's prestigious ceramics prizes. For this reason the Rohde Company has decided to increase the prize money as of 2019 from € 3,000 to € 4,000 in acknowledgement of the importance of the prize. The corresponding exhibition will take place again in the Traidtcasten. In the framework of the Pottery Market, ceramic themes will be presented at different exhibition sites in Dießen. The Ceramics Path through Dießen will also be part of the programme again. We are also planning an exhibition of works by the prize-winners of the Dießen Ceramics Prize

If you are interested in taking part in the 2020 Dießen Pottery Market we request that you let us know as soon as possible by filling out and sending us the registration form to arrive at the latest by **Friday, 4 October 2019**.

We kindly ask you to respect this deadline, as applications arriving after that date will not be taken into account.

We hope to be able to inform all exhibitors for the year 2019 of their final acceptance by the end of November. The participants will again be selected by a jury, whose decisions are binding. Only works by "commercial potters" will be accepted for the competition. This means the potter should have completed vocational training in pottery and practice the profession, and that the potter should be registered (in the Register of Craftsmen) or have a corresponding license to carry on the craft – i.e. recognition as a free-lance artist.

Exhibitors who have already participated in Dießen are requested to send us some up-to-date good quality photographs which we may use for the exhibition brochure and for press work, as the case may be. We would like to keep the pictures you sent us with your 2019 application for our archive. If you would like to have them back, however, we would be glad to return them at your request.

New applicants are requested to enter their **professional career data, their C.V.**, information about their working techniques, and several good **photographs of their wares**, plus a photograph of **their market stall**. **It is absolutely necessary that new applicants present a curriculum vitae, otherwise their application cannot be considered.**

As we try to make every effort to keep our administration costs as low as possible, we hope you understand that your application documents and photographs will not be returned; the photographs will be kept in our archive.

Applications without photographs will not be presented to the jury. Please do not send us CDs with your application photographs, as our EDP system is not capable of making good quality prints. We also ask you not to send us catalogues or portfolios.

The stall charges remain the same as last year and are as follows:

Stall area	
up to 2 m	294,-- €
up to 3 m	441,-- €
up to 4 m	588,-- €
up to 5 m	735,-- €
over 5 m	884,-- €

As in the past, the maximum stall size is between 8 - 9 metres.

The charge for the rental of a standard market stall (area 2.9 x 1.35 square metres) is 20 € for 4 days.

The themes for the 2020 Market will be published later.

With kind regards

Herbert Kirsch
Erster Bürgermeister
